### “The Authors”

*Art by Bonnie Gloris*

“The Authors” is a series of portraits of writers that have inspired Bonnie’s life and art, including Amy Tan, Proust, Nabokov, Angelou, and Updike. Oil paint is used to capture the likeness of each author. The composition is then supplemented with collage elements and color palettes that give insight into the subject’s personality and the personalities of the characters they create, as well as the time during which they wrote their masterpieces.
